Platform Fee Explained

When customers choose HK\$0 Upfront Fee, they agree to a 6% Platform Fee (commission), in addition to the payment processing fee (which is HK\$0.0395 per HK\$1 for all cards and HK\$0.045 per HK\$1 for Amex), to utilize Givergy's award-winning platform for unlimited number of campaigns.

With this model, all payments must be made through the Givergy platform, any payments made outside of the platform will have the commission fee applied. There are no minimum donation requirements.

This option is recommended for smaller fundraisers or individuals running campaigns for a cause, particularly if you expect to raise HK\$400,000 or less for throughout your campaigns within 12 months.

✓ **Donors may opt to cover the Platform and Payment Processing Fees.**

✓ In Hong Kong, 87% of the donors choose to cover these fees when they are given the option. By doing so, they ensure that 100% of their donations go directly to the cause after covering the fees.

✓ **With HK\$0 Upfront Fee option, when donors cover the fees, the cost of the platform to the organizations will be HK\$0.**

✓ Within the CMS, clients can easily configure to provide donors the option to cover the fees, and they can even set it as mandatory.
